HOW DO WE PRICE?

We charge by volume - not by the time it takes to remove the junk.

Our pricing starts at a minimum load charge up to a full truck. These costs vary by region based on dump and disposal fees. (See price list attached below).

In some cases, special recycling surcharges may apply, imposed by local and regional regulations – such as refrigerators and tires. Pricing is always discussed before the job is started.

With very dense materials like concrete or gravel, we may only be able to load the truck to the depth of one foot. In this case, we may need to charge bedload rates for safety reasons.
